

Commercial Dish Washing

Degrasan® BBR-Plus

Characteristics:

Degrasan BBR-Plus is a special alkaline based cleaner for industrial dish washing machines, general immersion and spraying applications, free of chlorine and suitable for aluminum. The product is designed for the cleaning of aluminum trays in bakeries and other heavily soiled aluminum parts. Degrasan BBR-Plus can also be used in industrial dish washing machines. Due to its special formulation, the product achieves a very good result in low and medium water hardness.

For special applications and at higher concentrations, a material test should be carried out.

- Very good cleaning effect
- CIP-adapted
- Non-foaming
- Non-aggressive towards aluminum
- High proportion of cleaning boosters

Contents

Potassium hydroxide, EDTA, silicates, complexing agents, inhibitors, polymers

Technical Specifications

| | |
|-------------------------|--------------------------|
| Form: | liquid concentrate |
| Color: | clear, yellow |
| Density (20°C): | ~ 1.23 g/cm ³ |
| pH-value (1% solution): | ~ 11.8 |

Application / Dosage:

| | |
|----------------|---|
| Concentration: | 1 % - 5 % for industrial dish washers 3 % - 10% for aluminum parts and trays |
| Temperature: | ambient – 80 °C |
| Time: | depending on machine/equipment |

As a rule, the application conditions depend on the type and level of soiling as well as the factors concerning the installation. An individual, operational application recommendation should be established in a pilot test.

Product Code: BBRPLUS-0012
Description: 12kg Can

Product Code: BBRPLUS-0025
Description: 25kg Can
